

HOUSTON

With 269,000 square feet of pristine warehouse space, our Houston, TX location is available to handle businesses of all sizes. The Dupuy Group Houston prides itself in investing in cutting edge equipment that allows us to specialize in a multitude of commodity based services, as well as our general warehousing and transportation services. An example of this has been our investments into the certifications, knowledge, and equipment to properly handle all agricultural products. As The Dupuy Group continues to lead the industry in quality and safety, we comply with strict guidelines to ensure the environment in which your product is handled and stored is to the highest standards.
